Tasks to be done

- mathematical foundations reading
- make up all the drivers(onedrive dropbox baidu)
- engn4200 opensfm tasks
- engn4221 github and raspbian prepare
- R and python tutorials
- wed. 10am ENGN8534 drop-in, B154, building 115, ring 57779

Task schedule

MATH6100

- lecture note and lecture recording
- R programming tutorial
- some papers on algorithms

MATH3512

- read course module and lecture recording
- Python tutorial

ENGN8534

- textbook
- lecture recording/slide

MATH6406

- textbook

research

- refer to research plan
